## BECOME A PARTNER AND SHOW YOUR SUPPORT FOR THE ARTS COMMUNITY IN LONDON!

---

The London Writers Society is pleased to announce that we are producing an anthology of fiction, non-fiction and poetry, entitled *Out of the Woods: Voices from the Forest City* selected by the celebrated author, Emma Donoghue. This collection will showcase our members – local authors and poets – who represent the diverse voices of the Forest City.

We are reaching out to you today to ask for your support for this project. Your sponsorship will help us bring this collection to life, from production and print costs, to marketing and promotion, to the book launch gala. Your contribution will impact not only the careers of local authors and poets, but will also help promote literary works and nurture London's vibrant arts scene.

As you browse the sponsorship levels in this package, we're sure you will find one that best suits your corporate or personal budget. If you have any questions, please don't hesitate to reach out to our anthology team who will be happy to work with you to customize your gift.

Thank you for your consideration.
